ILLINOIS CITY

About fifty friends on March 18 with well-filled baskets, gave a farewell surprise dinner to Mr. and Mrs. Charles W. Mewes. While they dined the Aeolian Vocalion discoursed sweet music. The happy meeting was mingled with regrets that our honored guests were so soon to leave us. Their hospitality, generosity and neighborliness have given them a warm place in the affections of the people. Mrs. Mewes has been an active member of the ladies' aid. Mr. and Mrs. Mewes will live on East Hill, Muscatine. Rev. E. S. Busby returned on

Saturday from a fortnight's trip. He attended the inter-church world movement convention at Chicago March 8, 9 and 10. Here 3,000 protestant ministers took in an exhibit of a world survey. The purpose is to speed up world evangelization by cooperation of protestant churches, to eliminate unnecessary churches in some communities, and to occupy unchristianized territory. John D. Rockefeller was present and spoke enthusiastically. Twenty-two denominations were represented. It was a great meeting for a great enterprise and characterized by a fraternal and forward looking spirit. Mr. Busby also vis-

ited relatives in Ohio and called at Pittsburgh, Pa., and Weston, W. Va. Emory Johnson is improving rapidly at Hershey hospital and will be home in a few days.

All the news all the time—The Argus.

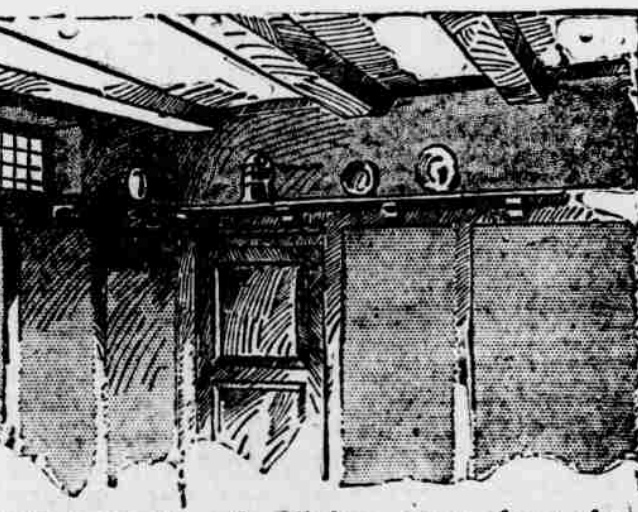

Whatever You Do Don't Neglect Your Eyes, Says Dr. Lewis, Who Tells How to Strengthen Eyesight 50% in One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home.
Philadelphia, Pa.—Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. He says neglect causes more eye troubles and poor sight than any other one thing. Many whose eyes were failing say they had their eyes restored through the principle of this wonderful free prescription. One man says after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for 15 days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited

by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two or four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.
NOTE: Another prominent Physician to whom the above article was submitted said, "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them." The manufacturers guarantee it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist, and is one of the very few preparations I feel should be kept on hand for regular use in almost every family. It is sold in this city by all leading druggists, including John Bengston and the Red Cross Pharmacy.

Fundt & Co.

Everything for the Kitchen BASEMENT Everything for the Housewife

B.P.S. Finishes for dining-rooms, dens, etc.

FOR THE WALLS

B. P. S. PAT-CO—a flat wall finish is by all means the most artistic and economical. Though flat, it may be cleaned with soap and water.

SAVES RENEWALS

Let us show you finished panels painted with Pat-Co—you'll like and want it.

FOR THE WOODWORK

Monastery Stains harmonize perfectly with this finish. The stains are made in different shades of Oak, Mahogany, Greens, and Silver Gray. They cover an unusual amount of surface and bring out the natural beauty of the grain.

Three finishes—Stained, Waxed or Varnished. You can apply it.

CURTIS PLANE HERE IN CROSS CONTINENT TRIP

Rock Island Field May be Station in Flight from New York to Denver.

Rock Island field may again figure as one of the stations in a cross-continent air flight, according to word received by the Rock Island Chamber of Commerce from the Curtiss Airplane and Motor Corporation. The corporation expects to fly a two-motored, 16-passenger plane, "The Eagle," from New York to Denver, via Chicago and Rock Island.

In the communication received by the chamber, information was asked in regard to the condition and location of the field, facilities for receiving the aircraft, and other points vital to the choosing of Rock Island as a station in the flight. The letter stated that as the flight was of great importance both to the Curtiss corporation and to the aircraft experimentation, this would not be considered as a stopping place unless all conditions were satisfactory.

No date for the flight was designated in the communication. The Chamber of Commerce will make every effort to have the Rock Island field chosen as one of the stopping points for the huge craft.

SPECIAL WATCH SALE.—at Cox's Jewel Shop next week; this being the third special sale week. If you have not attended the previous special sales, come next week.

4 Minute Talks on QUALITY by J. F. BLOCK

The Second of Series of Talks On the Question of Quality Bread Making

I have been asked by many housewives of Rock Island to explain the difference between Federal Flour and other kinds.

The answer is simple. One word tells the whole story; **QUALITY**. Federal Flour is the finest milled Flour in the world. The Federal Milling Division selects only the best wheat grown. Before Federal Flour is shipped to a Federal Bakery it is laboratory-tested for standards of texture and weight.

That's why Federal Home Made Bread has that even smoothness of texture—that wonderful crispy crust.

From that so important element Flour, to sweet, creamy milk and lard, and so on the line, only the best **QUALITY** of ingredients are used in Federal Bread. The Federal Bread Making Formula calls for the very best ingredients money can buy.

Mrs. Housewife—The Federal reputation has been built on **QUALITY** alone. We deliver **QUALITY** in our Home Made Bread—that's why we cannot deliver our bread to your door. Come down and let me tell you the rest of the Federal **QUALITY** Story.

We deliver from our sub-station, Brady's Store. Phone 443, Rock Island.
